SUBJECTS • SUJETS

Aides techniques

- L'utilisation ou non des aides techniques: comparaison d'un modèle américain aux besoins de la réalité québécoise. Vincent, C., & Morin, G. 66(2):92-101.

Amputées

- Questionnaire sur la satisfaction des personnes amputées du membre inférieur face à leur prothèse: développement et validation. Bilodeau, S., Hébert, R., & Desrosiers, J. 66(1):23-32.

Amputees

- Questionnaire sur la satisfaction des personnes amputées du membre inférieur face à leur prothèse: développement et validation. Bilodeau, S., Hébert, R., & Desrosiers, J. 66(1):23-32.

Anorexia nervosa

- Frames of reference utilized in the rehabilitation of individuals with eating disorders. Henderson, S. 66(1):43-51.

Apraxia

- Assessment and intervention with clients with apraxia: Contributions from the literature. Landry, J.E., & Spaulding, S. 66(1):52-61.

Art

- The art of observation: Reflecting on a spiritual moment. Toomey, M.A. 66(4):197-199.

Assessment process, occupational therapy

- Assessment and intervention with clients with apraxia: Contributions from the literature. Landry, J.E., & Spaulding, S. 66(1):52-61.

Assistive technology devices

- L'utilisation ou non des aides techniques: comparaison d'un modèle américain aux besoins de la réalité québécoise. Vincent, C., & Morin, G. 66(2):92-101.
- Practices of recycling assistive technology in Québec. Vincent, C. 66(5):229-239.

Attitude measures

- Knowledge about pain among newly graduated occupational therapists: Relevance for curriculum development. Strong, J., Tooth, L., & Unruh, A. 66(5):221-228.

Autonomy

- Promoting independence for teens and young adults with physical disabilities. Healy, H., & Rigby, P. 66(5):240-249.

Biomechanics

- Biomedical analysis of four supports for the subluxed hemiparetic shoulder. Spaulding, S. 66(4):169-175.

Brain Injuries

- Reliability and validity of the Tolia Category Assessment Test. Josman, N. 66(1):33-42.

Bulimia

- Frames of reference utilized in the rehabilitation of individuals with eating disorders. Henderson, S. 66(1):43-51.

Case studies

- L'utilisation ou non des aides techniques: comparaison d'un modèle américain aux besoins de la réalité québécoise. Vincent, C., & Morin, G. 66(2):92-101.

Client-centred practice

- Client-centred means that I am a valued human being. Corring, D., & Cook, J.V. 66(2):71-82.

Client-centred practice, occupational therapy

- Occupational performance needs of a shelter population. Tryssenaar, J., Jones, E.J., & Lee, D. 66(4):188-196.

Conditionnement physique (de la personne)

- L'année internationale des personnes âgées: Une occasion de célébrer pour les ergothérapeutes. Hobson, S.J. 66(4):155-160.

Cognition

- Reliability and validity of the Tolia Category Assessment Test. Josman, N. 66(1):33-42.

Consumer attitudes

Client-centred means that I am a valued human being. Corring, D., & Cook, J.V. 66(2):71-82.

Critical thinking

A critical analysis of the Model of Human Occupation. Haglund, L., & Kjelberg, A. 66(2):102-108.

Curriculum development

Defining and developing professionalism. Bossers, A., Kernaghan, J., Hodgins, L., Merla, L., O'Connor, C., & Van Kessel, M. 66(3):116-121.

Knowledge about pain among newly graduated occupational therapists: Relevance for curriculum development. Strong J., Tooth, L., & Unruh, A. 66(5):221-228.

Cushions, wheelchair

A comparison of interface pressure readings to wheelchair cushions and positioning: A pilot study. Pellow, T.R. 66(3):140-149.

Environment

A critical analysis of the Model of Human Occupation. Haglund, L., & Kjelberg, A. 66(2):102-108.

Application of the Person-Environment-Occupation Model: A practical tool. Strong, S., Rigby, P., Stewart, D., Law, M., Letts, L., & Cooper, B. 66(3):122-133.

Études de cas

L'utilisation ou non des aides techniques: comparaison d'un modèle américain aux besoins de la réalité québécoise. Vincent, C., & Morin, G. 66(2):92-101.

Evidenced based practice

The promotion of evidence-based occupational therapy practice in Canada. von Zweck, C. 66(5):208-213.

Fidélité des tests

Fidélité test-retest et interjuges de la version française du OSOT Perceptual Evaluation. Desrosiers, J., Mercier, L., & Rochette, A. 66(3):134-139.

Fieldwork education, occupational therapy

Leading the way in fieldwork education site approval. Forwell, S. 66(2):67-70.

Formation clinique, ergothérapie

Un projet novateur dans le domaine de la reconnaissance des milieux de stages. Forwell, S. 66(2):67-70.

Frame of Reference

Frames of reference utilized in the rehabilitation of individuals with eating disorders. Henderson, S. 66(1):43-51.

Health promotion

The International Year of the Older Persons: What occupational therapists have to celebrate. Hobson, S.J. 66(4):155-160.

Health services for the aged

The International Year of the Older Persons: What occupational therapists have to celebrate. Hobson, S.J. 66(4):155-160.

Hemiplegia

Biomedical analysis of four supports for the subluxed hemiparetic shoulder. Spaulding, S. 66(4):169-175.

Shoulder supports revisited: A Canadian follow-up survey. Boyd, E., Pepin, P., & Szabo-Hartin, J. 66(4):161-168.

Home environment

Physical housing environment: Development of a self-assessment instrument. Fänge, A., & Iwarsson, S. 66(5):250-260.

Homeless persons

Occupational performance needs of a shelter population. Tryssenaar, J., Jones, E.J., & Lee, D. 66(4):188-196.

Human activities and occupation

Application of the Person-Environment-Occupation Model: A practical tool. Strong, S., Rigby, P., Stewart, D., Law, M., Letts, L., & Cooper, B. 66(3):122-133.

Independent living skills

Promoting independence for teens and young adults with physical disabilities. Healy, H., & Rigby, P. 66(5):240-249.

Instrument construction

Physical housing environment: Development of a self-assessment instrument. Fänge, A., & Iwarsson, S. 66(5):250-260.

Intervention process, occupational therapy

Assessment and intervention with clients with apraxia: Contributions from the literature. Landry, J.E., & Spaulding, S. 66(1):52-61.

A critical analysis of the Model of Human Occupation. Haglund, L., & Kjelberg, A. 66(2):102-108.

Literature review

Assessment and intervention with clients with apraxia: Contributions from the literature. Landry, J.E., & Spaulding, S. 66(1):52-61.

Literature review

Enabling occupational performance: Optimal experiences in therapy.
Rebeiro, K.L., & Miller Polgar, J. 66(1):14-22.

Mental Health

Opportunity, not prescription: An exploratory study of the experience of occupational engagement. Rebeiro, K.L., & Cook, J.V. 66(4):176-187.

Mental health services

Client-centred means that I am a valued human being. Corring, D., & Cook, J.V. 66(2):71-82.

Methods, occupational therapy

Frames of reference utilized in the rehabilitation of individuals with eating disorders. Henderson, S. 66(1):43-51.

Models, occupational therapy

Application of the Person-Environment-Occupation Model: A practical tool. Strong, S., Rigby, P., Stewart, D., Law, M., Letts, L., & Cooper, B. 66(3):122-133.

Opportunity, not prescription: An exploratory study of the experience of occupational engagement. Rebeiro, K.L., & Cook, J.V. 66(4):176-187.

Normes éducatives

Un projet novateur dans le domaine de la reconnaissance des milieux de stages. Forwell, S. 66(2):67-70.

Observance thérapeutique du patient

L'utilisation ou non des aides techniques: comparaison d'un modèle américain aux besoins de la réalité québécoise. Vincent, C., & Morin, G. 66(2):92-101.

Occupation

The art of observation: Reflecting on a spiritual moment. Toomey, M.A. 66(4):197-199.

Opportunity, not prescription: An exploratory study of the experience of occupational engagement. Rebeiro, K.L., & Cook, J.V. 66(4):176-187.

Occupational performance

Application of the Person-Environment-Occupation Model: A practical tool. Strong, S., Rigby, P., Stewart, D., Law, M., Letts, L., & Cooper, B. 66(3):122-133.

The Canadian Model of Occupational Performance applied to females with osteoporosis. Grant, D., & Lundon, K. 66(1):3-13.

Enabling occupational performance: Optimal experiences in therapy. Rebeiro, K.L., & Miller Polgar, J. 66(1):14-22.

Occupational performance needs of a shelter population. Tryssenaar, J., Jones, E.J., & Lee, D. 66(4):188-196.

Osteoporosis

The Canadian Model of Occupational Performance applied to females with osteoporosis. Grant, D., & Lundon, K. 66(1):3-13.

Pain management

Knowledge about pain among newly graduated occupational therapists: Relevance for curriculum development. Strong J., Tooth, L., & Unruh, A. 66(5):221-228.

Patient compliance

L'utilisation ou non des aides techniques: comparaison d'un modèle américain aux besoins de la réalité québécoise. Vincent, C., & Morin, G. 66(2):92-101.

Personal satisfaction

Enabling occupational performance: Optimal experiences in therapy. Rebeiro, K.L., & Miller Polgar, J. 66(1):14-22.

Physical fitness (of individual)

The International Year of the Older Persons: What occupational therapists have to celebrate. Hobson, S.J. 66(4):155-160.

Policies

Practices of recycling assistive technology in Québec. Vincent, C. 66(5):229-239.

Posture and positioning evaluation

A comparison of interface pressure readings to wheelchair cushions and positioning: A pilot study. Pellow, T.R. 66(3):140-149.

Pratique fondée sur l'évidence scientifique

Promouvoir la pratique de l'ergothérapie fondée sur l'évidence scientifique au Canada. von Zweck, C. 66(5):208-213.

Pratique professionnelle

Le nouveau professionnel - Le lien entre les tendances dans le domaine de la santé. Corbett, K., & Corbett, J.C. 66(3):111-115.

Pressure

A comparison of interface pressure readings to wheelchair cushions and positioning: A pilot study. Pellow, T.R. 66(3):140-149.

Professional development

Defining and developing professionalism. Bossers, A., Kernaghan, J., Hodgins, L., Merla, L., O'Connor, C., & Van Kessel, M. 66(3):116-121.

Professionalism

Defining and developing professionalism. Bossers, A., Kernaghan, J., Hodgins, L., Merla, L., O'Connor, C., & Van Kessel, M. 66(3):116-121.

The New Professional - The Nexus of Healthcare Trends. Corbett, K., & Corbett, J.C. 66(3):111-115.

Professional issues

Leading the way in fieldwork education site approval. Forwell, S. 66(2):67-70.

Muriel Driver Memorial Lecture: Risk taking: An antidote to diffidence. Westmorland, M. 66(5):214-220.

Professional portfolio

Defining and developing professionalism. Bossers, A., Kernaghan, J., Hodgins, L., Merla, L., O'Connor, C., & Van Kessel, M. 66(3):116-121.

Professional practice

Muriel Driver Memorial Lecture: Risk taking: An antidote to diffidence. Westmorland, M. 66(5): 214-220.

The New Professional - The Nexus of Healthcare Trends. Corbett, K., & Corbett, J.C. 66(3):111-115.

Professionnalisme

Le nouveau professionnel - Le lien entre les tendances dans le domaine de la santé. Corbett, K., & Corbett, J.C. 66(3):111-115.

Professional issues

The promotion of evidence-based occupational therapy practice in Canada. von Zweck, C. 66(5):208-213.

Promotion de la santé

L'année internationale des personnes âgées: Une occasion de célébrer pour les ergothérapeutes. Hobson, S.J. 66(4):155-160.

Purposeful activities

Opportunity, not prescription: An exploratory study of the experience of occupational engagement. Rebeiro, K.L., & Cook, J.V. 66(4):176-187.

Questionnaire

Questionnaire sur la satisfaction des personnes amputées du membre inférieur face à leur prothèse: développement et validation. Bilodeau, S., Hébert, R., & Desrosiers, J. 66(1):23-32.

Questions d'ordre professionnel

Promouvoir la pratique de l'ergothérapie fondée sur l'évidence scientifique au Canada. von Zweck, C. 66(5):208-213.

Un projet novateur dans le domaine de la reconnaissance des milieux de stages. Forwell, S. 66(2):67-70.

Recycling

Practices of recycling assistive technology in Québec. Vincent, C. 66(5):229-239.

Reliability and validity

Reliability and validity of the Toglia Category Assessment Test. Josman, N. 66(1):33-42.

Reliability of tests

Fidélité test-retest et interjuges de la version française du OSOT Perceptual Evaluation. Desrosiers, J., Mercier, L., & Rochette, A. 66(3):134-139.

Répartition des ressources

Le nouveau professionnel - Le lien entre les tendances dans le domaine de la santé. Corbett, K., & Corbett, J.C. 66(3):111-115.

Research methodology

Secondary analysis of survey data: A research method with potential for occupational therapists. Finlayson, M., Egan, M., & Black, C. 66(2):83-91.

Research, occupational therapy

Secondary analysis of survey data: A research method with potential for occupational therapists. Finlayson, M., Egan, M., & Black, C. 66(2):83-91.

Resource allocation

The New Professional - The Nexus of Healthcare Trends. Corbett, K., & Corbett, J.C. 66(3):111-115.

Risk taking

Muriel Driver Memorial Lecture: Risk taking: An antidote to diffidence. Westmorland, M. 66(5):214-220.

Satisfaction

Questionnaire sur la satisfaction des personnes amputées du membre inférieur face à leur prothèse: développement et validation. Bilodeau, S., Hébert, R., & Desrosiers, J. 66(1):23-32.

Schizophrenia

Reliability and validity of the Toglia Category Assessment Test. Josman, N. 66(1):33-42.

Secondary analysis

Secondary analysis of survey data: A research method with potential for occupational therapists. Finlayson, M., Egan, M., & Black, C. 66(2):83-91.

Services de santé pour les aînés

L'année internationale des personnes âgées: Une occasion de célébrer pour les ergothérapeutes. Hobson, S.J. 66(4):155-160.

Self-assessment

Physical housing environment: Development of a self-assessment instrument. Fänge, A., & Iwarsson, S. 66(5):250-260.

Shoulder

Shoulder supports revisited: A Canadian follow-up survey. Boyd, E., Pepin, P., & Szabo-Hartin, J. 66(4):161-168.

Shoulder dislocation

Biomedical analysis of four supports for the subluxed hemiparetic shoulder. Spaulding, S. 66(4):169-175.

Shoulder sling

Biomedical analysis of four supports for the subluxed hemiparetic shoulder. Spaulding, S. 66(4):169-175.

Shoulder supports revisited: A Canadian follow-up survey. Boyd, E., Pepin, P., & Szabo-Hartin, J. 66(4):161-168.

Spirituality

The art of observation: Reflecting on a spiritual moment. Toomey, M.A. 66(4):197-199.

Standards of education

Leading the way in fieldwork education site approval. Forwell, S. 66(2):67-70.

Student knowledge

Knowledge about pain among newly graduated occupational therapists: Relevance for curriculum development. Strong J., Tooth, L., & Unruh, A. 66(5):221-228.

Survey research

Secondary analysis of survey data: A research method with potential for occupational therapists. Finlayson, M., Egan, M., & Black, C. 66(2):83-91.

Tendances en ergothérapie

L'année internationale des personnes âgées: Une occasion de célébrer pour les ergothérapeutes. Hobson, S.J. 66(4):155-160.

Le nouveau professionnel - Le lien entre les tendances dans le domaine de la santé. Corbett, K., & Corbett, J.C. 66(3):111-115.

Test by Title

Canadian Occupational Performance Measure

Occupational Performance needs of a shelter population. Tryssenaar, J., Jones, E.J., & Lee, D. 66(4):188-196.

Promoting independence for teens and young adults with physical disabilities. Healy, H., & Rigby, P. 66(5):240-249.

Test by Title

Ontario Society of Occupational Therapists Perceptual Evaluation

Fidélité test-retest et interjuges de la version française du OSOT Perceptual Evaluation. Desrosiers, J., Mercier, L., & Rochette, A. 66(3):134-139.

Trends, occupational therapy

The International Year of the Older Persons: What occupational therapists have to celebrate. Hobson, S.J. 66(4):155-160.

The New Professional - The Nexus of Healthcare Trends. Corbett, K., & Corbett, J.C. 66(3):111-115.

Validité

Questionnaire sur la satisfaction des personnes amputées du membre inférieur face à leur prothèse: développement et validation. Bilodeau, S., Hébert, R., & Desrosiers, J. 66(1):23-32.

Validity of Test

Questionnaire sur la satisfaction des personnes amputées du membre inférieur face à leur prothèse: développement et validation. Bilodeau, S., Hébert, R., & Desrosiers, J. 66(1):23-32.

Women's health

The Canadian Model of Occupational Performance applied to females with osteoporosis. Grant, D., & London, K. 66(1):3-13.

Young adult

Promoting independence for teens and young adults with physical disabilities. Healy, H., & Rigby, P. 66(5):240-249.

Prises de position

CAOT, ACOTOP, ACOTRO & PAC Joint Position Statement on Evidence-Based Occupational Therapy. 66(5):267-269.

Prise de position conjointe de l'ACE, de l'ACOTUP, de l'ACOTRO et du CCP concernant l'ergothérapie fondée sur l'évidence scientifique. 66(5):270-272.

Did you know you can access CJOT indices and abstracts online?

The indices for the 1997 and 1998 volumes of CJOT are available on the CAOT web site as well as the 1999 abstracts. The 1999 index will be up in early January, 2000.

Visit www.caot.ca

Click on publications and products, then click on periodicals, and you'll find everything you need to know about CJOT — indices, abstracts, authors guidelines and more.
